MOTIVATION

Passionate and results-driven **Senior Frontend Developer** with **over 5 years of experience** in transforming ideas into seamless digital experiences. Adept at leading teams, enhancing system reliability, and improving user engagement through innovative solutions. Seeking to contribute to impactful projects that leverage my **technical skills** and **creativity**.

WORK EXPERIENCE

Nagarro (Software) — Associate Staff Engineer
India, Remote — **July 2022 - PRESENT**

- Worked closely with a **team of 5 engineers**, conducting regular code reviews and mentoring junior members, fostering a culture of collaboration and communication.
- Contributed to UI development and process improvements, resulting in a **99.6% uptime** for critical systems.
- Promoted to Associate Staff Engineer **within 1.5 years** for leadership and technical excellence.
- Developed a monitoring application that reduced turnaround time for business **users by 90%** through enhanced performance using caching strategies and list virtualization.
- **Technologies:** TypeScript, ReactJS, NodeJS, MySQL, PostgreSQL, Git, Docker, Terraform

Think Future Technologies (Software) — Software Engineer
India, Gurugram — **July 2019 - July 2022**

- Developed key MVC-based features, focusing on usability and user experience.
- Spearheaded the transition from Backbone.JS to VueJS, enhancing user experience and application **performance by 100%.**
- Built a platform during the COVID-19 lockdown to host live events on Zoom, increasing user **engagement by 20%** through interactive features.
- **Technologies:** TypeScript, VueJS, NodeJS, PHP, AWS, Docker, Git

DelveLogic (Carpool) — Frontend Intern
India, Gurugram — **Sept 2018 - June 2019**

- Enhanced SEO and performance for HTML/CSS websites, leading to over **1,600 rideshares** in 3 months.
- Integrated front-end and back-end technologies to ensure seamless development of web applications.
- Contributed **over 50K lines of code** to a critical project, ensuring its continuous development and maintenance.
- **Technologies:** TypeScript, ReactJS, NodeJS, Git, ExpressJS, Redux

EDUCATION

Dr. A.P.J. Abdul Kalam Technical University — 2015 - 2019
B.Tech. (Computer Science)
